AFRICA DRONE EXPO & CONFERENCE

The Drones Conference – the best drones show in the country – will be going big in 2019! We will be at the Emperors Palace Convention Centre on the 9th and 10th of May 2019, where we will conduct the first ever Africa Drone Expo in the country. This time, the conference will run alongside the Expo, where all types of drones will be on exhibition from drone manufacturers and operators from all over the World!

You will have the chance to see drones live in action, how they capture, and how the data is processed. You will learn about virtual reality, drone licensing and more. You will have a great opportunity for one-on-one engagements with the best players in the drone world.

Experts will show you the best type of drones to use in the following industries and more:

Agriculture | Mining | Survey and Mapping | Construction | Utilities inspection | Recreation | Search and rescue
Surveillance | Public safety | Health

Admission into the Expo is FREE. There will also be a technology conference for professionals wanting to know the latest developments for drone applications in their industry.

EXPO: FREE ADMISSION

Background

The best drones show in the country will be going big in 2019! We will be at the Emperors Palace Convention Centre on the 9th and 10th of May 2019, where we will conduct the first ever Drone Expo in the country. All types of drones will be in exhibition from drone manufacturers and operators from all over the World!

You will have the chance to see drones live in action, and how the data is captured and processed. You will learn about virtual reality, drone licensing and more. You will have a great opportunity for one-on-one engagements with the best in the drone world.

By public demand, there will be a technology conference, which will go deeper into exploring the Artificial Intelligence and deep learning qualities of drones and how understanding of these qualities will be beneficial to drone consumers. Expertise will be on the nitty-gritties of how images and data gathered by drones can be processed into meaningful text that has a useful input in decision making. Experts will show you the best type of drones to use in the following industries and more:

Agriculture | Mining | Survey and Mapping | Construction
 Utilities inspection | Recreation | Search and rescue
 Surveillance | Public safety | Health

Entrance to the Expo is FREE; and we have reduced the price for attending the technology conference for professionals by almost half the usual attendance fee. You really do not want to miss this opportunity.
